PROFESSIONAL SUMMARY

Computer Science graduate and cybersecurity professional with hands-on experience in cybersecurity training, networking, Linux, Cisco Packet Tracer, SOC analysis, incident response, vulnerability assessment, and web application security. After completing my ND in 2025, I was invited by my institution to return and support teaching activities, including HND students. I am committed to furthering my education in Cybersecurity while continuing to build practical and professional expertise.

EDUCATION

National Diploma (ND) in Computer Science - Abubakar Tatari Ali Polytechnic, Bauchi | 2025 | Lower Credit

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- CompTIA Security+ (SY0-701) - 2026
- Cisco CyberOps Associate
- Networkwalks Technologies - Cybersecurity Internship Certificate (Final Assessment: 95/100)
- Cisco Networking Academy - Instructor Role

EXPERIENCE

Cybersecurity Instructor / Technical Support - Abubakar Tatari Ali Polytechnic, Bauchi | 2026-Present

- Support cybersecurity and networking practical sessions, including HND students.
- Assist learners with Linux, Cisco Packet Tracer, system configuration, networking labs, and cybersecurity concepts.

Administrative Officer - Darussada Academy, Bauchi

- Supported school administration, records, coordination, staff and student services, and day-to-day office activities.

Cybersecurity Intern - Networkwalks Technologies | 2026

- Completed practical cybersecurity training and assessment; final assessment score: 95/100.

Web Application Penetration Testing

TECHNICAL SKILLS

Linux, Kali Linux, Cisco Packet Tracer, TCP/IP, VLANs, ACLs, Wireshark, Nmap, SOC Analysis, Log Analysis, Incident Response, Vulnerability Assessment, Web Application Security, Digital Forensics Fundamentals, SIEM Concepts, Risk Management, VirtualBox, Windows Security, Git and GitHub.

SELECTED PROJECTS & PRACTICAL WORK

Network security labs (VLANs, ACLs, SSH, OSPF, NTP, Syslog), Wireshark traffic analysis, Nmap scanning, Linux/Kali labs, Student File Management System, School Admission System, and MSME incident response research.
